Whether STQC certificate required for quoted model to be submitted along with Bid to be submitted as per deadline of submission of bid or at the time of Shipment of material or at the time of awarding contract to the bidder.	Bidders are required to submit STQC certificate for the quoted model, if available, along with bid or submit an undertaking that the STQC certificate will be provided before dispatch of products (Tablet Computers) to the consignees. Please note that STQC Certification is an integral part of the bid, which can be submitted before dispatch of products to the consignees but not later than that. Also, supplier will be completely responsible to get the product STQC certified before shipment and then only product will be accepted. We will not be accepting the product without STQC certification, in any case.
